EDUCATION

University of Texas at Austin **Austin, TX**
B.F.A. in Design and B.S. in Informatics Expected Grad: May 2029

- **Dual Degree Focus:** Combining Human-Centered Design with Data Science and HCI to architect scalable interactive systems and product ecosystems.
- **Certificates:** Pursuing Programming and Computation Certificate.

EXPERIENCE

Lead Product UI Designer **Austin, TX**
Texas Advanced Computing Center (TACC) May 2026 – Present

- Architected 15+ interactive UI components using Figma Make and Claude Code, cutting layout production time by 40%.
- Developed front-end exhibit prototypes in HTML/CSS and Python, ensuring 100% component responsiveness displays.
- Facilitated VR/AR workshops for 10+ educators and synthesized 50+ feedback entries to optimize academic workflows.

UX/UI Design Contractor (Forge) **Austin, TX**
TX Convergent – Client: Healthpeak Sep 2026 – Present

- Architected low-fidelity wireframes and user flows for a legal invoicing tool, streamlining tracking across 100+ Matters.
- Mapped 4 end-to-end user journeys spanning 12+ workflow steps, reducing touchpoint friction for 3 stakeholder personas.
- Conducted 8+ iterative design reviews with teammates, refining information architecture across 15+ views.

Product Designer (Build Team) **Austin, TX**
TX Convergent Sep 2025 – May 2026

- Led end-to-end UI/UX design for LabLink from 0-to-1 with 4+ developers and PMs to optimize research inquiries.
- Standardized a scalable, multi-component Figma UI kit across team sprints, boosting design-to-code velocity by 25%.
- Synthesized user research insights and wireframed complex UI/UX interaction flows, ensuring 100% technical feasibility.

Spatial Interface Designer **Austin, TX**
Texas Immersive Institute Jan 2026 – Present

- Translated research synthesis into spatial UI workflows, deploying 3D computing experiences engaging 100+ visitors.
- Spearheaded user onboarding flows for an interactive AR/MR campaign, driving a 35% increase in overall user engagement.
- Conducted hands-on usability tests with 15 users, refining spatial interaction patterns to reduce navigation errors by 30%.

Product Design Intern **Austin, TX**
TyRex Group LTD Jun 2024 – Jul 2024

- Prototyped and 3D printed 4 sustainable lotion bottle models, reducing residual packaging material waste by 15%.
- Evaluated generative AI integration in early product cycles by engineering 20+ Cosmic AI prompts to accelerate concepting.
- Presented 3D product models and environmental viability reports directly to 3 senior executives, securing project approval.

LEADERSHIP & COMMUNITY

Build Master (Design & Emerging Tech) **Remote**
NextWork Jul 2026 – Present

- Directed technical build sessions and facilitator leadership training, enabling 25+ members to master design workflows.
- Led 10+ end-to-end technical sprint projects, guiding participants through successful product builds on schedule.
- Authored 5+ AI-driven design and rapid prototyping project guides, increasing participant course completion rates.

VR Installation Operations Assistant **Austin, TX**
South by Southwest (SXSW) Mar 2026

- Managed setup, live calibration, and hardware troubleshooting for a VR installation, serving 150+ daily visitors seamlessly.
- Guided 20+ attendees per hour through hardware controls, resolving bottlenecks to maintain continuous exhibit throughput.
- Synthesized qualitative user feedback and identified 8+ interaction friction points, enabling creators to optimize the build.

Volunteer Event Coordinator **Austin, TX**
Habitat for Humanity Feb 2024 – Jul 2024

- Organized an art auction featuring 17 original paintings, successfully raising $700+ for community housing projects.
- Dedicated 30+ hours to physical home builds and ReStore inventory organization, improving site operations and logistics.

SKILLS & CERTIFICATIONS

- **Design Methods:** Product Design, Spatial UX, User Research, Wireframing, Rapid Prototyping, Usability Testing, Information Architecture.
- **Design Software:** Figma, Figma Make, Adobe Creative Suite, Sketch, 3D Modeling / CAD.
- **Technical Stack & IDEs:** HTML/CSS, JavaScript, Python, VS Code, Cursor, Claude Code, Generative AI Tooling, 3D Printing.
- **Certifications:** Adobe Certified Professional in Adobe Illustrator and Adobe Photoshop.
